**A**s I write this (January 20), we're in a period when we know it is winter in Ohio. In preparation for the "polar vortex" earlier this month, on January 5 we sang a

winter hymn from the old 1964 Methodist Hymnal entitled "All Beautiful the March of Days," which celebrates God's creative hand, even in the winter. We sang:

*All beautiful the march of days, as seasons come and go, the hand that shaped the rose hath wrought the crystal of the snow. Hath sent the hoary frost of heaven, the flowing waters sealed, and laid a silent loveliness on hill and wood and field.*

*O'er white expanses sparkling pure the radiant morns unfold; the solemn splendors of the night burn brighter with the cold. Life mounts in every throbbing vein, love deepens round the hearth, and clearer sounds the angel hymn, "Good will to men on earth."*

*O thou from whose unfathomed law the year in beauty flows, Thyself the vision passing by in crystal and in rose. Day unto day doth utter speech, and night to night proclaim in everlasting words of light, the wonder of thy name.*

**I** personally appreciate that hymn, and the beauty of God's creation as the seasons pass. If you like winter, remember that the depth of

winter really comes in early February. There's a lot more to come!

**T**here's a curious irony in all this, however. Have you noticed that the daylight is already beginning to return? We haven't even gotten over the "hump" of winter (Ground Hog Day), and already the lengthening daylight hours are a harbinger that spring and warmer weather are, in fact, on their way.

**S**o it is with many of our "spiritual winters," those difficult moments in life when there seems to be no spring in sight. The seeds of possible growth and recovery are present even when moments of difficulty most overshadow our lives.

**M**any a time someone has said to me, "That was a very difficult time, but I'm a better person for it." When next you feel a "spiritual winter" chilling your soul, remember that the promise of springtime is evident in the lengthening days, even as we approach the dead of winter.

David Wilcox, Senior Pastor

**The Altar & Arts Committee** works toward providing the best possible environment for our congregation to worship. In carrying out that mission, Altar & Arts finds weekly volunteers to donate flowers for the altar. We maintain sanctuary banners for communion, baptisms, Christmas, and other seasonal times throughout the year. Did you know that Kathy Miller is responsible for changing the paraments in accordance with the colors for the seasons throughout the year? The committee is also responsible for decorating the church for

Palm Sunday, the glorious presentation of Easter flowers to commemorate the resurrection of our Lord, and leads the decorating for the hanging of the greens in preparation for the birth of Jesus and the traditional Christmas poinsettias.

Currently, our Committee is comprised of nine members. If you would like to share your gifts and talents with us, we would love to have you. Contact Lisa Browning or the church office to see how you could help.

### Connect With United Methodist Women

We are now into the second month of our UMW Reading Program for 2014. We are hoping

to have more readers this year. With the way our weather has been lately, we could curl up with our blanket and read a book. The book this month is "Grace and Grit -- My Fight for Equal Pay and Fairness at Goodyear and Beyond," by Lilly Ledbetter. In 1979, Lilly Ledbetter became one of the first women hired at management level at Goodyear. Although she faced daily discrimination and harassment, she pressed onward, believing that eventually things would change. This is the courageous story of the historic discrimination case that inspired the Lilly Ledbetter Fair Pay Restoration Act and her fight for equal rights in the workplace. This book is available through Clevnet at the library. *Bea Smith, Reading Resource Secretary of Wooster UMW.*

pages of this book, Sally Dyck combines scripture, engaging stories and the faith of Mary to encourage you to grow and share your heart. Eight words, simple on a page, when lived out daily can change your heart and the hearts of those around you. This book is an eight week journey.

*Sally Dyck is a former Wooster District Superintendent and currently Bishop of the Minnesota UMC Annual Conference.*

Thanks to everyone that brought a jar of peanut butter to church with them in January. For **February**, we will again be collecting **inexpensive flashlights** for People to People Ministries. If you would like to help, please purchase a **flashlight** on your next trip to the store and bring it with you to church on **Sunday, February 2**.

Would you find it helpful to have your offerings debited directly from your bank account as you do other monthly drafts? Wooster UMC now offers Electronic Giving for those of you

who wish to have your contributions transferred electronically to the church's account. If you travel, this is particularly helpful in keeping up with your intended offerings. It allows you to avoid having to make up the difference later. Contact the church office for more details.

For those who give online, Kathy has **tokens** which can be placed in the offering plate for dedication during each worship service.

**Please use this** QR as another direct way to send your offering to us.

### Credit Card Giving Now Available

No cash? No checks? No problem! We now have available a credit card machine that will take your generous donations. You will find it on the third floor just to the left of the elevator. It accepts credit/debit cards and the directions for use are easy and posted by the machine. Thank you for your continued support for Wooster UMC.

Would you like to receive envelopes? Are you interested in electronic giving? Are your gifts already sent electronically but you need to update the amount? Do you just have questions?

Please call Kathy Miller at 330-262-5641 for answers and help.

### "The Green Thing"

#### 8 Surprising Household Uses for Lemons

**Lemons are a natural disinfectant, stain remover and are wonderful for polishing metal. They're also inexpensive and eco-friendly. Try these eight surprising household uses for lemons.**

**Cleaning laminate countertops:** Cut a whole lemon in half, squeeze the juice onto the counter. Using the lemon as a scrubber, work the juice over the stains. Leave the juice on until the stains disappear then rinse with water and dry. The citric acid will quickly remove the stains. Bottled lemon juice can be substituted for a fresh lemon.

**Cutting boards:** The same procedure works on cutting boards. Rub the lemon onto the stains and let it sit until the stains are gone. The lemon will also disinfect the board at the same time.

**Cleaning copper:** Cut a lemon in half and sprinkle salt (any kind -- even sea salt) onto the lemon. Massage the lemon wedge onto the brass, squeezing the juice out until the tarnish is buffed off. As it stops working, add more salt to the lemon. Rinse well with water and let dry. It is important to keep copper bottom pans clean because they redistribute the heat according to how clean they are on the bottom.

**Cleaning brass:** If a piece is brass plated, it will be brass on one side and solid black on the other side. Never use lemon on anything that is brass plated -- only solid brass. Brass plated items need to be cleaned very gently with an oil soap -- never use anything acidic on it. Use the same method for cleaning solid brass as for copper -- one half of a lemon with salt sprinkled on it and rub until it is clean. Rinse well with water.

**Removing rust from clothes:** Put lemon juice on the rust stain and then sprinkle cream of tartar onto the top of the juice. Rub in the solution and let it sit on the stain until the rust is gone. The citric acid will take the rust off. Some stains are tougher than others, but 15 to 30 minutes should work just fine. Launder as usual.

**Bleaching white clothes with lemon juice:** Mix 1/2 cup lemon juice (or sliced lemons) with one gallon of very hot water. Soak the clothes in the solution. Do not use for silk, it is best for cotton and polyester. Let the clothes soak from an hour to overnight, depending on how badly the clothing needs bleaching. Remove the clothing from the mix and pour the mix into the washing machine and wash as usual. It's impossible to over-bleach using lemon juice.

**Getting stains out of Tupperware:** Squeeze lemon juice in the container and then add baking soda. Use the lemon as a cleaning tool and work it in. If the stains are bad, let it sit overnight before scrubbing the stains.

Please check the mailbox for *your committee* every week. The mailboxes are next to Pastor David's office. Not sure if there is a mailbox for you? Just give it a look!

### Attention Chairpersons

Please bring minutes of your meetings to the church office or email them to Elizabeth as we are required to keep them for a permanent record. Also a good idea — add Elizabeth to your committee's email list and it will be automatic!

**AED** devices are located on all three floors to the **RIGHT** of the elevator doors. Second floor device is equipped with pediatric pads because of Peppermint Preschool, *but* there is an adult pad in the AED station. Please grab the adult pad for anyone over eight (8) years old. Thanks.

The **Membership Committee** would like to have the addresses of our college students. If you are a parent or a grandparent, please give us the name and address of your student. You may put the address on the attendance pad or give it to Kay Bergen or Elizabeth Feldman in the church office.
